GAIN Services Worker (GSW)

Job Description and Duties:

The GAIN Services Worker (GSW) is an integral part in the GAIN program. A GSW provides comprehensive case management to GAIN participants to ultimately help participants achieve financial independence and secure full-time employment. The role of the GSW is lead the participant through the GAIN process explaining how participating in Welfare-to-Work activities and finding employment will lead to increasingly higher levels-of self-sufficiency, and the benefits and advantages of working. GSWs communicate with participants in person, by phone and by mail. They have knowledge to review employment goals and to identify and assist participants in resolving barriers to participation in job search and employment; promote higher levels of active engagement and inspire participants to believe that they can be successful and have the life they want. GSWs, will schedule appointments, document communication and activities regarding job searches and their results.

Qualifications and Position Requirements:

Bachelor's degree from an accredited college or university; or equivalent in training and/or experience, or a combination thereof.

- The ability to successfully perform in a fast-paced, deadline-oriented work environment.
- Must be accurate, detailed oriented and possess good follow-through skills
- Must have good business writing skills
- The ability to work as a team member and independently
- Bilingual and multilingual capabilities are preferred

EOE, good benefits
